Dear Dominic, Thank you for sending over the final invoice. Rest assured, we'll make the wire transfer either today or tomorrow at the latest. I trust that we will see each other soon, but I want to take this opportunity to express my gratitude for your excellent work in our house. It's been an absolute pleasure working with you. Not only you are a fantastic professional, but your honesty and warmth as a person truly shine through in all our interactions. You and your family are invited to visiting us any time during this Summer. Just give us a heads-up so we can prepare some snacks and chill some beers in the fridge. Best wishes, Victor ~~~~~ Victor Aguirregabiria Professor of Economics University of Toronto
